Wing Riding Wisconsin

9/30/2022 Fall Color Ride

Day One:

Leaving Team Motorsports in De Pere, there were 4 bikes and 6 people all with safety gear,

we were heading north. Escanaba was calling.

Country roads lead us along the bay with some nice roads in the Peshtigo and Marinette area. We stopped at The River City Diner (formally Wayne's Family Restaurant).

Some nice roads were found in the UP also, along with an unforeseen gravel one! Finally, we arrived at our motel. Settled in and had supper at the restaurant next door. 151 miles for the day.

Day Two:

Today's destination was Kitch-iti-kiipi, meaning Big Spring. A nice ride up the main highway had us turning off and heading to a little town called Nahma. A super nice road to ride!

The Big Spring was as clear as clear could be. Just beautiful. Then we were told of another place to go by the park attendant. Change of plans had us going to Fayette Historic Park. Once off the main drag, a pretty nice ride there. Awesome historic ghost town preserved! A company town that was still looking like 1880!

Then back to Escanaba. All riders geared up and hungry after 151 miles today. We hit the same restaurant, tasty again!

Day Three:

Homeward bound. All geared up and ready for some miles. Mainly the main highway with a small off route. Stopped at Sequin's in Marinette for some shopping-cheese, taffy, knickknacks. Then lunch at Mickey Lu Bar B Q.

1950's place with some good cheeseburgers! And hot dogs too!

Highway to Oconto then back roads to County S in Sobieski where we said our good byes! 113 miles up to that point.

Overall: GREAT time, not a lot of miles, but great things were seen and done by those that went on this Chapter C Color Ride!!

10/23/2022 Multi-Chapter Ride

We had 3 bikes from Chapter C meet in Columbus. We headed out to Middleton to meet the rest of the riders. From there, we rode great back roads with members of Chapter H & A to Rockton for an awesome chicken lunch. We had a total of 12 bikes, and 15 people. After lunch, the Chapter C group headed back to the East. Approx. 300 miles for each of us, in full gear.
